Schaefer grew up in Chicago at a time when neighborhoods are moving through ethnic and racial transitions. He has found himself increasingly intrigued by what is happening, how people are reacting, and how these changes affect neighborhoods and people's jobs. In high school he took a course in sociology. His interest in social issues made him gravitate towards more sociological courses at Northwestern University, where he eventually earned a bachelor's degree in sociology. This interest led him to receive his doctorate and doctorate in sociology from the University of Chicago. Dr. Schaefer's continued interest in race relations led him to write a master's thesis on Ku Klux Klan membership and a doctoral thesis on racial prejudice and race relations in the UK. For 30 years he taught sociology and courses in multiculturalism. He was invited, with special presentations for students and teachers on racial and ethnic diversity in Illinois, Indiana, Missouri, North Carolina, Ohio, and Texas. Texas. is the editor-in-chief of the three-volume encyclopedia of race, ethnicity and society (2008). He is also the author of introductory sociological books with McGraw-Hill. Schaefer co-authored the ninth edition of Extraordinary Groups (2011) with William Selner. From 1994 to 1995, he was president of the Sociological Society of the Midwest. In recognition of his achievements in undergraduate teaching, he was named Vincent de Paul Professor of Sociology in 2004. Review: Thanks to the following reviewers: Dr. Loyd Ghani College of Southern Nevada Lloyd Klein York College, CUNY Mominka Files Davenport University Lisa Munoz Hawkeye Community College Brian Hara of Penn State University Gerald Titchener De-Moyné District Community College Jose Soto Southeast Community College Text has a strong introduction to the study of race and ethnicity. Part 1 does an impressive job of laying out the key terms and ideas with which each student should develop familiarity. -Brian Hara, University of Pennsylvania This text has: 1. large group coverage; Good use of facts and statistics; 3. Good coverage of a group of specific contemporary issues. -Gerald Titchener, Des Moines Area Community College Great overview of all important groups, areas and issues. -Dr. Loyd Goini, College of Southern Nevada All tables, numbers and boxes feature informative, easy to understand and useful. I often refer to them in lectures and draw students' attention to a specific function to make a point. -Jose Soto, Southeastern Community College This is a very thorough analytical text on minority groups in the U.S., complemented by cases, global perspective and research focus. The text covers the main themes and topics relevant to diversity issues. -Mominka Fileva, Davenport University About this name may belong to another edition of this name. Richard T.
